

"FOR DIVERS WHO DEMAND THE BEST"

SWIMASTER REGULATORS

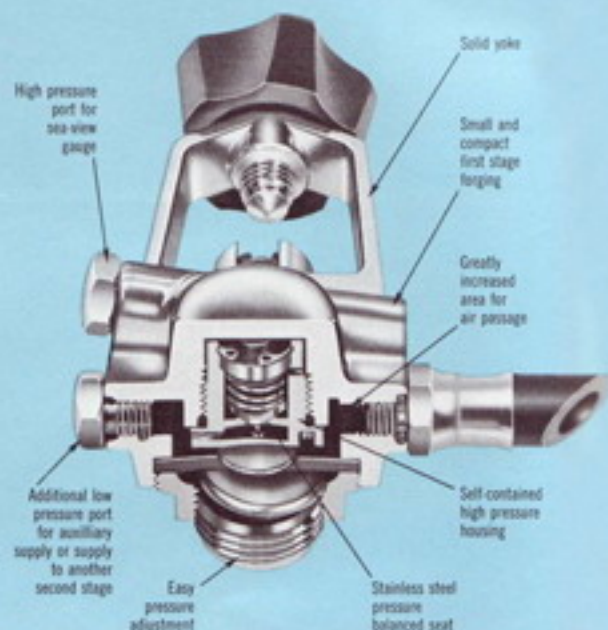

Precision Engineered

FIRST STAGE R12J

SECOND STAGE R12J & MR12

FIRST STAGE MR12

Through the combined efforts of engineering and testing both in the laboratory and in actual diving conditions, Voit has now made it possible to produce the finest regulators available.

A minimum number of parts makes simplicity of operation, less need for repairs and maintenance.

All forgings are Navy brass, heavy chrome plated. Stainless steel parts are permanently lubricated for life of regulator.

Many of the parts are interchangeable, making servicing simple. All regulators are guaranteed to be free from all defects of workmanship or materials.

CEDAM International (Conservation-Exploration-Diving-Archaeology-Museums) is a scientific diving group dedicated to worldwide study and exploration of the marine world, to contribute to historical, scientific and biological knowledge by searching out the wonders and the potential of the seas. Its membership includes the world's finest divers, professional and amateur. If you are interested in participating, write Voit for information.

Cover photo — Professional Ralph E. Payne, chief underwater photographer for CEDAM International, engaged in an archaeological expedition to recover artifacts from Spanish galleons down hundreds of years on the Alacran (Scorpion) Reef, off Yucatan in the Gulf of Mexico. All other action photos in this catalog were taken on the same expedition, successful in 1968, and one of a continuing series CEDAM has conducted annually for ten years.

Upper left — L-R are Joe Kelly Hughes, a law student from Juarez, Mexico; Captain Gutierrez of CEDAM support vessel, Yoyis; Dr. Andreas B. Rechnitzer, CEDAM president, with cannon and anchor from 18th century English man o' war.

Lower left — Cannon is raised aboard CEDAM support vessel, Yoyis.

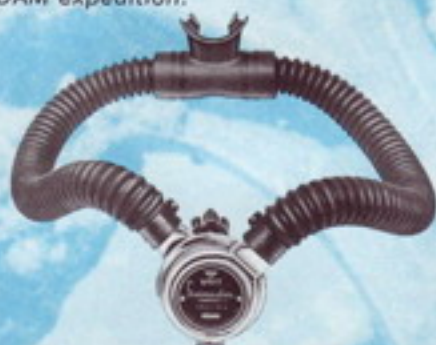

Lower right — Martin Rechnitzer, son of CEDAM president, chipping coral from long-sunken cannon.

Engineered for Professionals

Wine bottle, insignia, sugar tongs and ironwear plate, circa 1825, recovered on CEDAM expedition.

(F) R22J TRIESTE TWO STAGE WITH RESERVE.....\$110.00

The TRIESTE J two hose regulator with built-in reserve unit that activates at 300 P.S.I. for added safety. Smallest and most compact unit on the market; easy, more convenient adjustment of second stage and demand lever than any other regulator. Positive engagement of second stage diaphragm. (Pack 1, 4½ lbs.)

(F) R22 TRIESTE TWO STAGE REGULATOR.....\$95.00

Provides all the features of the Trieste J except without the reserve unit. The V1JR can be added at any later time. Fewer internal moving parts than any other regulator. Exhaust valve is pressure balanced for effortless exhalation. Serial number for your protection. (Pack 1, 4 lbs.)

(F) R14 POLARIS II REGULATOR.....\$61.00

Piston type first stage that contains only one moving part. Combined with the same second stage as the R12 with extra large exhaust ports causing less inhale or exhale effort than other regulators. Chin rest built into the exhaust opening for added comfort. (Pack 1, 3 lbs.)

(F) MR12 TITAN II REGULATOR.....\$90.00

Designed especially for professional and military divers, where maximum air delivery at greater depths with an absolute minimum of inhale and exhale resistance is essential. Depth compensated and pressure balanced first stage. Delivers 1200 cu. ft. per hour. Moving parts made of stainless steel, are passivated per military specifications. Ask your Swimaster dealer or write to W. J. Voit Rubber Corp. for complete specification sheet on the MR12. (Pack 1, 4 lbs.)

(F) R12J TITAN II REGULATOR.....\$100.00

The incorporation of the same first-stage unit in both the two-hose and single-hose regulator has proven over the years a sound mechanical innovation. A fully balanced first stage, extra large exhaust ports, less inhale or exhale effort than other regulators. Equipped with 300 lb. constant reserve. (Pack 1, 4½ lbs.)

(F) R12 TITAN II REGULATOR.....\$85.00

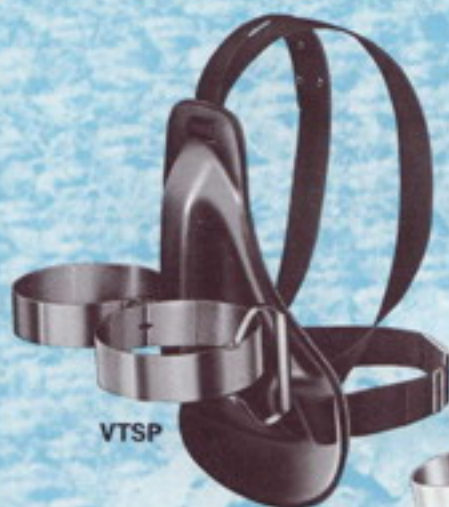

This unit gives you all the features of the R12J. The only item not included is the built-in reserve unit. This can be incorporated to the regulator at any time by the easy installation of a V1JR reserve unit available at your Swimaster dealer. (Pack 1, 4 lbs.)

(F) R11 "LITTLE GEM II" REGULATOR.....\$50.00

Piston first-stage with only one moving part, protected by a back-up ring that seals out fouling sediment. Tilt valve second stage. Exhaust ports are recessed and combined with the chin rest and neck strap into a single streamlined unit. Serial numbered for your protection. (Pack 1, 2½ lbs.)

Snugpacks and Accessories

VTSP

P-100

85P9022

VSP11

DS261

VTSP TWIN SNUGPACK®\$26.95

Contoured, comfortable patented backplate. A quick release lock holds tank firmly in place yet allows instant, easy change. Steel handle is precisely positioned so that the entire tank is balanced when being carried. Non-slip black nylon webbing, metal snaps on shoulder strap and stainless steel quick release buckle (Pack 1, 5 lbs.)

P-100 CAM ACTION SNUGPACK®\$25.95

A new cam action design has been incorporated in the snugpack with an adjustable tension device making easier removal and grip on tank. This unit will fit all standard 71.2 and 50 cubic feet tanks. Comes with 85P9022 carrying handle. Black nylon webbed straps with stainless hardware, quick release buckle (Pack 1, 5 lbs.) (All Snugpacks—Pat. No. 3,033,431)

85P9022 UNIVERSAL CARRYING HANDLE\$3.25

Fits P-100 and VSP11 snugpacks rubber grip handle, stainless steel band. (Pack 1, 1/4 lb.)

VSP11 VOIT SNUGPACK®\$16.95

An economical pack designed for strength, comfort and safety. Contoured back plate is unbreakable with stainless steel fittings, non-slip nylon webbing quick release buckle. (Pack 1, wt. 3 lbs.)

DS261 TWIN PLATE AND HARNESS ASSEMBLY\$15.95

This unit is identical in design and construction as the VTSP Twin Snugpack with the exclusion of the tank band and carrying handle. Fits all Voit twin tanks that are already equipped with band assembly. (Pack 1, 3 lbs.)

DS107

DS395

DS295

DS495

DS107 PRESSURE GAUGE\$14.95

Positive check of air supply, bleeder valve, shock proof rubber case. (Pack 1, 1 lb.)

DS295 SINGLE TANK STAND\$3.95

Chrome-plated metal tank stand for home storage or display usage.

DS395 TWIN TANK STAND\$8.95

Chrome plated metal twin tank stand for home or display use.

DS495 TANK BOOT\$3.95

Black, poly-urethane plastic for use on tank to keep unit upright.

TANKS

All Swimaster tanks are galvanized and equipped with either moderate depth non-reserve valve or pre-set constant reserve valve. All tanks use 3/4" O-Ring seal valve. (Snugpack not included.)

GALVANIZED—50 CUBIC FEET

(F) T15 Galvanized tank, 50 cubic feet, No valve.....\$61.00
(Pack 1, 22 lbs.)

(F) T15K Galvanized tank, 50 cu. ft. with V1K valve.....\$76.00
(Pack 1, 27 lbs.)

(F) T15J Galvanized tank, 50 cu. ft. with V1J valve.....\$90.00
(Pack 1, 28 lbs.)

GALVANIZED—71.2 CUBIC FEET

(F) T17 Galvanized tank, 71.2 cubic feet, No valve.....\$68.00
(Pack 1, 29 lbs.)

(F) T17K Galvanized tank, 71.2 cu. ft. with V1K valve.....\$83.00
(Pack 1, 35 lbs.)

(F) T17J Galvanized tank, 71.2 cu. ft. with V1J valve.....\$97.00
(Pack 1, 36 lbs.)

YELLOW—71.2 CUBIC FEET

(F) TY17 Yellow tank, 71.2 cubic feet, No valve.....\$72.00
(Pack 1, 29 lbs.)

(F) TY17K Yellow tank, 71.2 cu. ft. with V1K valve.....\$87.00
(Pack 1, 35 lbs.)

(F) TY17J Yellow tank, 71.2 cu. ft. with V1J valve.....\$101.00
(Pack 1, 36 lbs.)

Dr. Rechnitzer photographing sunken cannon for CEDAM documentary film.

T25J

T27J

*TWIN — 50 CUBIC FEET

T25J Twin tanks, 50 cubic feet with V2J twin manifold reserve valve (Pack 1, 58 lbs.).....\$190.00

*TWIN — 71.2 CUBIC FEET

T27J Twin tanks, 71.2 cubic feet with V2J twin manifold reserve valve (Pack 1, 74 lbs.).....\$204.00

*When ordering Snugpack for twin tanks, order DS261 only, since band assembly is included with the tank assembly.

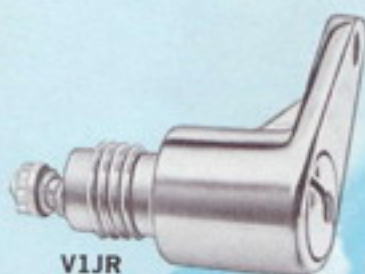

SWIMASTER VALVES

Designed to Exacting Standards

The V1K and V1J Swimaster valves are the smallest and most compact valves on the market today. All parts are stainless steel or highly polished Navy brass forgings and are permanently lubricated for life long protection. All valves have a safety port to provide warning against accidental removal of valve while tank is under pressure. All valves have $\frac{3}{4}$ "-14 NPSM straight threads and O-ring seal with positive leakproof design accepted by the Department of the Navy.

V1K

V1JR

V1J

(F) V1K SWIMASTER NON-RESERVE VALVE\$18.50

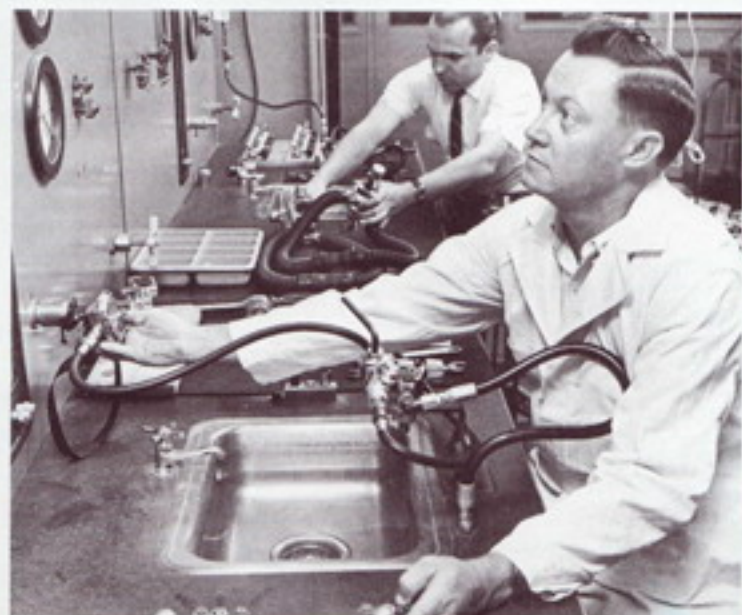

All the quality features of the V1J valve except no reserve mechanism. K valve has a pressure gauge adapter which can be installed while cylinder is under pressure to allow for easy installation of submersible pressure gauge. Through the separate available reserve unit, a K valve can be converted to a J valve easily, quickly and safely. (Pack 1, 1 lb.)

(F) V1JR RESERVE UNIT\$18.50

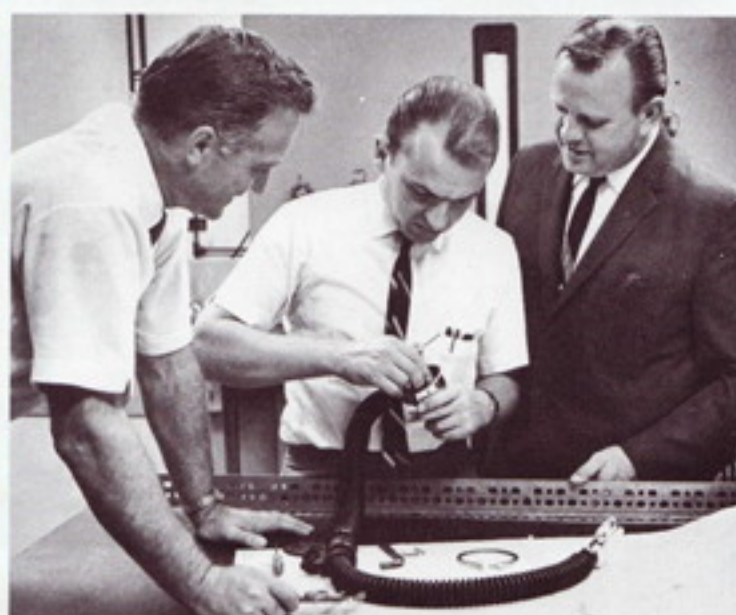

The V1JR Reserve can easily be installed in V1K valve or R22 and R12 regulator to make them into full reserve units. All parts are stainless steel or highly polished Navy brass forgings and are permanently lubricated for lifelong protection (Pull rod not included). (Pack 1, $\frac{1}{2}$ lb.)

(F) V1J SWIMASTER CONSTANT RESERVE VALVE \$34.95

This cutaway graphically illustrates the compact design and parts made of stainless steel. Valve maintains a constant reserve pressure of 300 p.s.i. Sure grip knob makes it easy to open and close valve. Easy removal of valve for maintenance. Reserve has a positive and pronounced detent mechanism to prevent accidental actuation. (Pack 1, $1\frac{1}{2}$ lbs.)

These experts are checking and evaluating every piece of equipment going through the Voit Plant assuring you "the customer" that any product turned out by W. J. Voit Rubber Corp. will be found to be Free from defects of workmanship or materials.

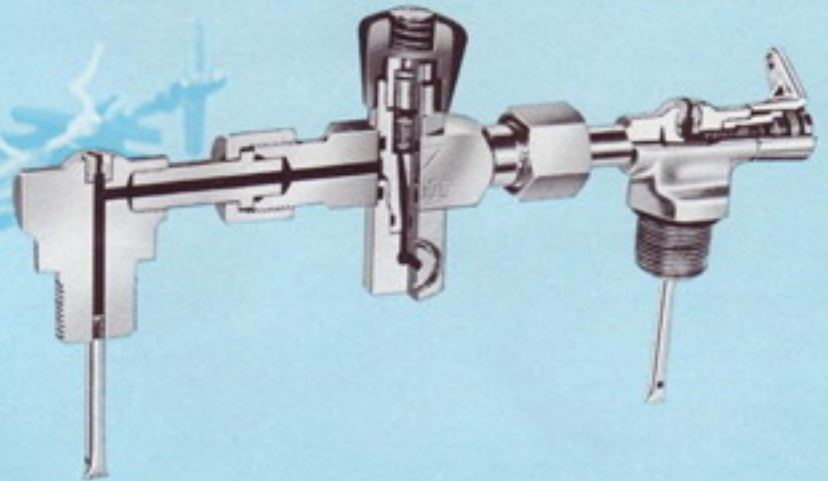

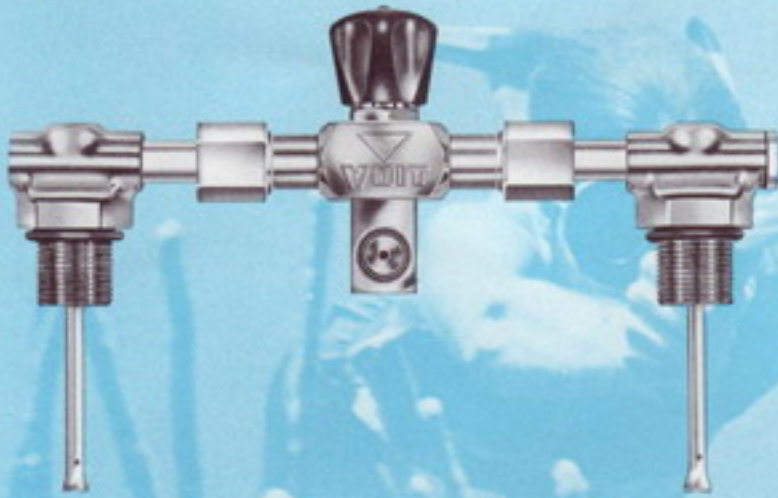

In the newly expanded Research and Development facility, the industry's largest, a continued effort of developing new ideas and improvement is going on, thus producing the ultimate in diving equipment and related products.

SWIMASTER

Twin Manifold Valves

Designed with clean smooth lines and lowest profile on the market. Available with or without constant reserve. Reserve unit can be installed any time. All fittings sealed with positive O-Ring seals to prevent any possibility of leaks. Same interchangeable reserve unit used on VIJ valve and R22J and R12J regulators. Sure grip spin wheel knob can be positioned on top or bottom for added versatility. Valves have $\frac{3}{4}$ "-14 MPSPM threads and O-Ring seal with positive leakproof design accepted by the Department of the Navy. Both valves have safety port to warn against accidental removal of valve while tank is under pressure. Designed for fast, easy maintenance and years of trouble free service. Manifold has safety plug in both body forgings for added safety.

(F) V2K MODERATE RESERVE VALVE\$53.95
O-Ring seal, $\frac{3}{4}$ " threads. With the addition of the V1JR this unit can easily be converted to a constant reserve. (Pack 1, 4 lbs.)

V2J TWIN CONSTANT RESERVE VALVE ASSEM.\$68.95
Cutaway shows interior detail. Reserve set at 500 p.s.i. Sure-grip knob. Two Safety blow-out plugs. (Pack 1, 4 lbs.)

This is the Voit team of underwater specialists on an evaluation and checkout dive. Top Left to Right: Lloyd Tracy, Art Stanfield. Middle: Tats Yamamoto, Jack Chappell. Bottom: Charlie Jehle, Fred Schuler, Wayne Kennedy.

Voit's team of experts is dedicated to producing the ultimate in diving equipment. The revolutionary advances made by Voit are the result of effort:

First, a nationwide team of underwater specialists is constantly testing equipment and recommending new products or improvements of current models. The results of their findings are then compiled and evaluated for further development.

Second, Voit's extensive Research and Development facility is continually turning new ideas and advanced diving concepts into products of tomorrow. This outstanding group of men have created products that have stamped Voit as a leader in the diving field. We at Voit are proud to present their achievements.

SWIMASTER FINS

for Divers who demand the best

2F95

(F) 2F95 "REGULATION UDT DUCK FOOT"\$18.95

This fin has been designed exclusively for use by the military, commercial diver or above average sports diver. Will give you power when needed. Power is not restricted or governed by openings in the blade. Will give you all the power you are capable of developing through your kick. New formula for blade and strap lowers leg fatigue to a minimum. This new UDT DUCK FOOT is superior in performance and power to any fin on the market. Black. (Pack 3, 20 lbs.)

SIZES: Medium-Large, shoe sizes 8-9½; Large, shoe sizes 9½-11; Extra Large, shoe sizes 11-12½; Super Extra Large, shoe sizes 12½-14.

1F85

(F) 1F85 "ORIGINAL DUCK FOOT" (Gum Rubber)\$18.95

At last a fin designed exclusively for the free diver. Although this fin can be used both for free diving and SCUBA diving, it was specifically designed for long swims, as is usually encountered by the free diver. Unique combination of weight, compound and design eliminates leg fatigue. (Pack 3, 20 lbs.)

SIZES: Medium-Large, shoe sizes 8-9½; Large, shoe sizes 9½-11; Extra Large, shoe sizes 11-12½; Super Extra Large, shoe sizes 12½-14.

A66B

(F) A66B VOIT VIKING® GIANT FINS\$15.95 pr.

The biggest and the best giant size professional fins with exclusive Viking design. Extra wide blade and stiff ribs supply the extra powerful thrust needed for prolonged diving. Special, soft molded foot pocket always stays comfortable. Two-tone royal blue fins fit either foot—and they float. Also available in black A66BK\$15.95 pr.

SIZES: Medium Large, shoe sizes 7-9; Large, shoe sizes 9-11; Extra Large, shoe sizes 12-up. (Pack 3, 19 lbs.)

A6BK

(F) A6BK VOIT VIKING® FINS\$11.95

Choice of the experts. Symmetrical, Viking-curved blade has raised ribs to channel the water and increase thrust. Soft, comfortable foot pocket. Black rubber fins fit either foot—and they float. (Pack 3, 12½ lbs.)

CEDAM Diver Charlie Jehle photographs spokes of paddle wheel of steam driven vessel sunk circa 1850.

VOIT SWIM FINS

popular choice throughout the diving world

A6B

A6B VOIT VIKING® FINS\$11.95

This specially designed fin has a symmetrically curved blade with large stiff ribs. Another Voit innovation combines a soft dark blue stretch heel with a stiff light blue blade in order to provide comfort and a powerful thrust. And they float. (Pack 3, 12½ lbs.) Shoe sizes: Med. 7-9, Med.-Lg. 9-11, Lg. 11-13.

A11

A11 VOIT SKIN DIVER FINS\$11.95 pr.

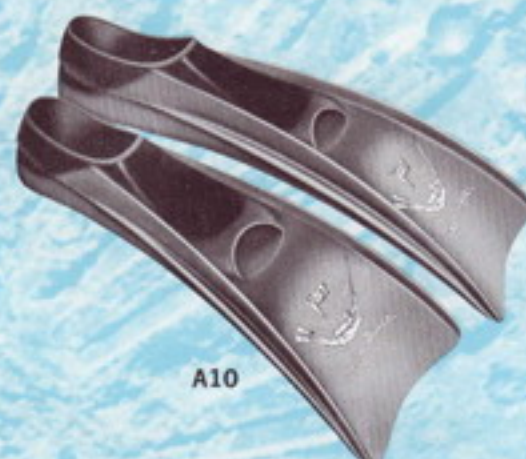

Two-plane blade design gives a full power thrust and reduces leg fatigue. Full foot pocket with open toe. Two-tone blue fins fit either foot. Shoe sizes: Sm. 5-7, Med. 7-9, Med.-Lg. 9-11, Lg. 11-13. (Pack 3, 14 lbs.)

3F45

3F45 CUSTOM DUCK FOOT\$10.95

Comfort is the keynote, with a new kind of action especially suited to surfing and free diving... embodied in a new design patterned to provide maximum power and thrust, yet with a matchless measure of comfort with hours of effortless diving. Fits either foot and they float. Shoe sizes: Sm. 5-7, Med. 7-8, Lg. 8-9, Ex. Lg. 9-11, SXL 11-13. (Pack 3, 14 lbs.)

A10

A10 VOIT SKIN DIVER FINS\$8.95 pr.

Two-plane blade with stiff ribs delivers extra thrust with less effort. Exclusive optional cutout heel strap. Comfortable foot pocket with open toe. Black. Fins fit either foot. (Pack 3, 16 lbs.) Shoe sizes: Sm. 5-7, Med. 7-9, Med.-Lg. 9-11, Lg. 11-13.

Martin Rechnitzer, son of CEDAM president, chipping coral from long-sunken cannon.

A9B

A9B SKIN DIVER FINS\$7.95 pr.

Ideally suited for the young diver who wants to feel the same kind of thrust the older diver receives. Blue, with a full foot pocket and open toe. Gives plenty of thrust and power for all types of diving. An all around fin for the younger members of the family.

Sizes: A9B-S Small 2-3 (Pack 6, 14 lbs.)
A9B-M Med. 3-4 (Pack 6, 17½ lbs.)
A9B-L Large 4-5 (Pack 6, 19 lbs.)

SWIMASTER MASKS

for Divers who demand the best

(F) 2M35 WIDE VIEW MASK\$13.95
One-way clearing. Non-return exhaust valve. Perfect seal for every facial contour with exclusive foam neoprene sealing edge. Safety lens with unique shape provides minimal air displacement for easy diving. (Pack 6, 7 lbs.)

(F) 2M38 VOIT POLARIS® MASK\$10.95
Revolutionary design with patented® one-way water exhaust valve. Through-the-lens, positive seal and significant weight reduction. External depth equalizers®. Stainless fittings and wide vision tempered safety lens. New non-slip strap design. (Pack 6, 7 lbs.)

® Patent No. 3,059,637
® Patent No. 3,027,561

(F) 2M33 POLARIS® II MASK\$7.95
Newly designed oblong lens. Positive seal. External depth equalizers. New, soft black rubber is resistant to elements. Stainless steel fittings, tempered safety lens, non-slip strap. (Pack 6, 7 lbs.)

(F) 2M12 VOIT DEPTH EQUALIZER SWIM MASK\$5.50
Wide vision mask with external pinch holes to relieve pressure. Positive seal. Deluxe, black, safety lens. Stainless steel fittings. Non-slip strap. (Pack 6, 7 lbs.)

CEDAM diver at underwater resting place of neoclassic columns for supporting a walking beam steam engine circa 1850.

Beautifully engraved recovered cannon bears intertwined GR3 under crown - - King George III.

VOIT MASKS

a style for every need

2M37 NASSAU WIDE VIEW MASK.....\$9.95
A larger lens area provides maximum visibility. Non-return exhaust valve, comfortable seal for every facial contour. Featuring stainless steel fittings, tempered safety lens, non-slip strap. (Pack 6, 7 lbs.)

B16B-S SUPER DEPTH EQUALIZER MASK.....\$7.95
Comfortable, wide vision with new patented purge valve and nose pinch holes, for purging. Soft blue stock, stainless fittings, tempered safety lens. (Pack 6, 6 lbs.)

2M34 NEPTUNE MASK.....\$6.95
A product of research in improved underwater vision. Flared edges insure a perfect seal with comfort for every facial contour. Stainless steel fittings, tempered safety lens, no-slip strap; soft, blk. rubber. (Pk. 6, 7 lbs.)

B66BK-S VOIT VIKING MASK.....\$6.50
One-way exhaust valve for purging. Vision unobstructed due to patented valve placement. Positive seal, light weight. Split neoprene strap, stainless fittings and tempered safety lens. (Pack 6, 6 lbs.)

B12B-S DEPTH EQUALIZER MASK \$5.95
A wide vision mask equipped with the useful added feature of external pinch holes to relieve pressure. Safety lens and stainless steel band. (Pack 6, 6 lbs.)

(All Exhaust Valves—Pat. No. 3,059,637)

B6BK-S VIKING SWIM MASK.....\$5.50
Constructed of long wearing jet black rubber that has comfort built in. A deluxe wide vision mask. Has a safety glass lens, stainless steel band. Side buckles for sure fit. (Pack 6, 6 lbs.)

CEDAM diver Dorothy Rogers chips coral from sunken cannon.

3M29 CUSTOM MASK.....\$5.50
Designed for the diver with narrow facial features, especially suited for younger divers and women. Wide vision with safety glass lens, feather edge, custom fit, stainless steel band. (Pack 12, 11 lbs.)

B9 SPECIAL SWIM MASK Comfort, perfect seal, oval shape, deluxe models have stainless steel band. (Pack 12, 11 lbs.)
B9B-S Deluxe, blue safety lens.....\$4.25
B9B Deluxe, blue plastic lens.....\$3.75
B9NB Blue, plastic lens.....\$2.75

SWIMMASTER GUNS

CEDAM diver Mike Wise helps provide a meal from the abundant Gulf of Mexico for the self-sufficient expeditioners.

Swimmaster Guns offer features found in no other gun; such as an exclusive design which puts slings, firing sear, shaft, muzzle, and bushings on the same plane to eliminate inaccuracy and to assure a quiet shot. • Unique spring loaded trigger and line release makes reloading quick and easy. • Positive safety snaps on and off at the flick of a thumb, leaving the other hand free. Corrosion resistant aluminum and stainless steel used throughout with improved protective finish on muzzle and grip. All spears are hardened stainless steel. Shafts are tempered stainless steel. (All $1\frac{1}{4}$ " barrels are sealed with a "dynamic seal." The same as used in the automobile's hydraulic system.)

(F) 4G48 "MAGNUM TOPLOADER"\$59.00

An exclusive open-close muzzle eliminates the time-consuming task of threading the shaft through the muzzle. The muzzle, shaft, sling and sear are all on one plane. Construction of notches on the bottom of the shaft makes the gun a top loader eliminating threading the shaft under the slings. Overall length 70". Equipped with three 25" slings. Spear point is 84-240 twin spinner rock point. (Pack 1, 6½ lbs.)

(F) 4G46 MAGNUM SPEARFISHING GUN\$49.95

Comes with 84-292 detachable "Diamond Head" spear tip with free pivoting stainless steel cable. (Pack 1, 6 lbs.)

(F) 4G45 TOP-LOADER SPEARGUN\$41.95

Spear shaft is $\frac{3}{8}$ " x 40" — includes all the power and accuracy of our regular Magnum, and all the fast loading of the Top-loader. Equipped with two 20" slings. Also includes the revolutionary new spear point—84-400. (Pack 1, 5 lbs.)

(F) 4G44 SAWED OFF MAGNUM\$38.95

Has all the features of the Magnum except at a much shorter length. A two-sling gun, the 36" x $\frac{3}{8}$ " shaft comes with an extra notch for conversion to a three-sling model. 84-293 Fixed "Diamond Head" top. (Pack 1, 4½ lbs.)

(F) 4G32 CUSTOM MODEL\$24.95

A compact, powerful, all-purpose gun. 24" shaft with 84-225 single barb spearhead. (Pack 1, 3 lbs.)

SWIMASTER Accessories

CEDAM diver Charlie Jehle measures a sunken cannon for recovery.

All snorkels come with iridescent 3 piece safety decal for personal identification

(F) 2S20 SPEARFISHERMAN STRAIGHT TOP SNORKEL \$3.25
Mouthpiece set at 20° angle for more complete comfort without snorkel "pulling" at mouth. (Pack 12, 6½ lbs.)

(F) 2S21 SPEARFISHERMAN PERISCOPE TOP SNORKEL \$3.75
Exclusive periscope top ideal for rough water use by preventing water overflow into snorkel from wave action. (Pack 12, 6½ lbs.)

(F) 2S30 BELLO-FLEX STRAIGHT TOP SNORKEL \$4.25
L-shaped mouthpiece on "Bello-Flex" causes less bulk and breathing resistance when in use. (Pack 12, 6½ lbs.)

(F) 2S31 BELLO-FLEX PERISCOPE TOP SNORKEL \$4.95
L-shaped mouthpiece combined with exclusive periscope top that is ideal for rough water usage. (Pack 12, 6½ lbs.)

SDL-3

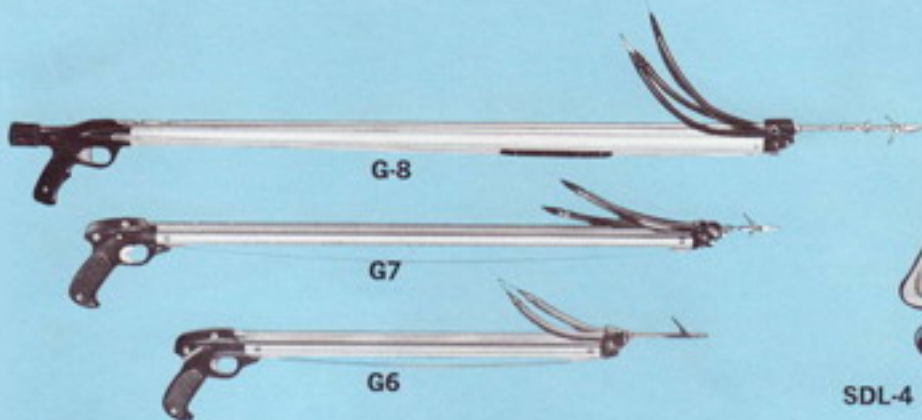

SDL-3 ORANGE SAFETY VEST \$26.95
Rubberized nylon vest-style preserver. Stainless steel "D" rings and quick adjustment snap, plus water drain valve. Inflated by mouth and/or replaceable, extra capacity, 16 gram CO₂ cartridge. Full length nickel silver zipper. (Pack 4, 7 lbs.)

(F) 2K5 DIVER'S UTILITY KNIFE 5½" BLADE \$8.95
Stainless steel blade with serrated edge. Heavy duty blade will

not snap or rust. Sure-lock handle top fits snugly in sheath cap. Leg or waist knife. (Pack 1, ½ lb.)

(F) 2K8 DIVER'S LEG KNIFE 7" BLADE \$13.95
Stainless steel blade and utility top cap for pounding. Blade is numbered and serrated with handy loop line cutter. Attractive patterned molded sheath designed with positive "O" ring and lock grips on bottom and top of knife to prevent loss. (Pack 1, 1 lb.)

VOIT Accessories

G-8 TOURNAMENT MODEL \$34.95

Designed for competitors. Corrosion resistant aluminum and stainless steel throughout. 48" tempered stainless steel shaft. Surgical rubber slings. 84-230 "twin spinner" head. (Pack 1, 4 1/2 lbs.)

G7 SUPER CARBINE SPEAR GUN \$18.95

Barrel 36" long, arrowhead spearpoint. Firing sear, muzzle, slide ring and shaft all on one plane to insure accuracy. For fast swimming fish where you want extra penetration. (Pack 1, 3 lbs.)

G6 VOIT CARBINE SPEAR GUN \$14.95

A small gun but with plenty of action. Has the same features as G7 but with only one sling. 24" long. Best type gun for working dense sea growth and coral. Single barb head. (Pack 1, 2 lbs.)

SDL-4

DK6

DK7

SDL-4 SAFETY VEST \$25.95

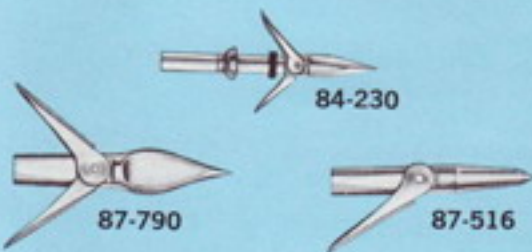

Orange, vest style preserver inflated by mouth and/or replaceable extra capacity 16 gram CO₂ cartridge. (Pack 4, 6 lbs.)

DK6 DIVER AND SPORTSMAN KNIFE \$8.95

5 1/2" stainless steel blade with serrated edge. Heavy duty will not snap or rust. Molded orange handle provides sure grip. Newly designed sure hold top knob. Molded textured sheath designed as waist knife or leg knife. (Pack 1, 1/2 lb.)

DK7 DIVER'S LEG KNIFE 7" BLADE \$11.95

Newly designed textured sheath has sure-hold built-in stays and a strong rubber "O" ring to hold knife in position. blade constructed of heavy duty stainless steel and blade is calibrated in inches for measuring. Fits leg or waist. (Pack 1, 1 lb.)

2B7

SDG5

2B5

Quality steel construction (Pack 1, 9 oz.)
